TARIFF FORMAT

- A. Sheet Numbering** - Sheet numbers appear in the upper right corner of the sheet. Sheets are numbered sequentially. However, new sheets are occasionally added to the Tariff. When a new sheet is added between sheets already in effect, a decimal is added. For example, a new sheet added between sheets 14 and 15 would be 14.1.
- B. Sheet Revision Numbers** - Revision numbers also appear in the upper right corner of each sheet. These numbers are used to determine the most current sheet version on file with the CPUC. For example, the 4th revised Sheet 14 cancels the 3rd revised Sheet 14.
- C. Paragraph Numbering Sequence** - There are seven levels of paragraph coding. Each level of coding is subservient to its next higher level:
- 2
 - 2.2
 - 2.2.2.
 - 2.2.2. (A)
 - 2.2.2. (A) 2.
 - 2.2.2. (A) 2(a)
 - 2.2.2. (A) 2(a)I.
 - 2.2.2. (A) 2(a)I(i)
 - 2.2.2. (A) 2(a)I(i)2.
- D. Check Sheets** - When a Tariff filing is made with the CPUC, an updated check sheet accompanies the Tariff filing. The check sheet lists the sheets contained in the Tariff, with a cross reference to the current revision number. When new sheets are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on the check sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revised revision levels on some sheets). The Tariff user should refer to the latest check sheet to find out if a particular sheet is the most current on file with the CPUC.

SCHEDULE 2: NETWORK EXCHANGE SERVICES

(A) General

This Schedule 2 contains a general description of the Services offered by PNG and the rates applicable to each Service. PNG provides switched, telephonic-quality voice and data transmission Services that enable Users to communicate on a real-time basis between points within Local Calling Areas in the State of California, as well as ancillary Services that facilitate the use or expand the capabilities of switched communications Services. Services may be performed by resale of Services provided by other telephone companies.

1. Basic Local Exchange Service – provides a Customer with a telephonic connection to, and a unique telephone number on, PNG’s switching network which enables the Customer to:
 - (a) receive calls from other Stations on the public switched telephone network;
 - (b) access PNG’s Local Calling Services and other Services as set forth in this Tariff;
 - (c) access Interexchange calling Services of PNG and of other Carriers;
 - (d) access (at no additional charge) to PNG’s operators and business office for Service related assistance;
 - (e) access toll-free telecommunications Services such as 800 NPA; and access toll-free emergency Services by dialing 0 or 9-1-1 (where available);
 - (f) access relay Services for the hearing and/or speech impaired.
 - (g) Basic Local Exchange Service can also be used to originate calls to other telephone companies’ caller-paid information Services (e.g. NPA 900, NXX 976, etc.). Calls to those numbers and other numbers used for caller-paid information Services will be blocked by PNG’s switch at no charge upon Customer request. Subscribers to PNG Customers are provided with Collect, Person to Person and Third Party Billed Blocking Service automatically upon subscription to PNG’s Services at no charge. Each Basic Local Exchange Service corresponds to one or more telephonic communications Channels that can be used to place or receive one call at a time.

2. Exchange Access Line – Individual line Service is comprised of Exchange Access Lines defined as the Service Central Office line equipment and all PNG plant Facilities up to the demarcation point. These Facilities are Company-provided and maintained and provide access to and from the telecommunications network for message toll Service and for local calling appropriate to the tariffed use offering selected by the Customer.
3. Timing of Calls
 - (a) Calls are billed in one (1) minute increments unless otherwise noted.
 - (b) Any portion of an applicable increment, after the appropriate minimum time for the call, will be rounded upward to the next increment.
 - (c) Calls less than the minimum length will be rounded to the minimum length.
 - (d) There is no billing for incomplete calls
 - (e) For Station to Station calls, call timing begins when a connection is established between the calling telephone and the called telephone Station.
 - (f) For Person-to-Person calls, call timing begins when connection is established between the calling person and the particular person, Station or mobile unit specified or an agreed alternate.
 - (g) Call timing ends when the calling Station "hangs up," thereby releasing the network connection. If the Called Station "hangs up" but the calling Station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the telephone network or by the Company operator.

4. Custom Calling Features Description

The following custom calling features are included with the Company's PowerNet Global Call to Connect Plus service, but are also available on a stand-alone basis.

- (a) *Caller ID with Name* – allows a Customer to see a caller's name and number previewed on a display screen before the call is answered allowing a Customer to prioritize and/or screen incoming calls. Caller ID records that name, number, date and time of each incoming call – including calls that are not answered by the Customer. Caller ID Service requires the use of specialized Customer provided equipment not provided by PNG. It is the Customer's responsibility to obtain such Customer provided equipment.
- (b) *Call Waiting* - provides Customer a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in. This feature permits the Customer to place the first call on hold, answer the second call and then alternate between both callers. Call Waiting service requires the use of specialized Customer provided equipment not provided by PNG. It is the Customer's responsibility to obtain such Customer provided equipment.
- (c) *Call Waiting with Caller ID with Name* – Call Waiting with Caller ID with Name provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in and allows a Customer to see a caller's name and number previewed on a display screen allowing a Customer to prioritize and/or screen incoming calls. This feature permits the Customer to place the first call on hold, answer the second call and then alternate between both callers. Call Waiting with Caller ID with Name Service requires the use of specialized Customer provided equipment not provided by PNG. It is the Customer's responsibility to obtain such Customer provided equipment. Customer must subscribe to Caller ID and Call Waiting to receive this feature.

5. Custom Calling Features

Custom Calling Services described below may be purchased in addition to the services included in a particular package but these features are available only when purchased in combination with a PNG provided Network Exchange Bundled Service.

(T)
|
(T)

(a) *Caller ID Blocking (*67)* – blocks the Customer’s name and number from being transmitted on all outgoing calls from a particular line. Per call blocking is achieved by pressing *67 prior to each call, while per line blocking blocks the name and number of every outgoing call. Dialing a special code prior to dialing the number of the person being called can unblock the number and name. Caller ID Blocking is provided at no charge.

(b) *Call Return (Automatic Call Back) (*69)* – This Service allows a Customer to return the most recent incoming call and hear an announcement of the last telephone number that called. To activate Return Call (*69), the Customer dials a code, then hears an announcement of the telephone number of the last party that called. If the Customer wishes to return the call right away, voice prompts will instruct the Customer to dial a certain digit and the call will automatically be returned.

(T)

(c) *Repeat Dial (Busy Redial) (*66)* – automatically redials the last telephone number the Customer dialed. If the number is busy, this Service will keep dialing the busy number up to 30 minutes and alert the Customer with a special ring when the line is free. The call will automatically be made when the Customer picks up the receiver. Repeat Dialing does not tie up the Customer’s line, allowing the Customer to make and receive calls while it attempts to redial in the background

(T)

(d) *Call Blocking (Call Screening)*– allows Customers to block calls from different telephone numbers. A screening list is created by the Customer either by adding the last number with the line (incoming or outgoing) or by pre-selecting the telephone number to be blocked. Callers from such number hear an announcement that the calling party is not accepting calls.

5. Custom Calling Features, Continued

- (e) *Call Forwarding -Variable* – a Customer activated feature that automatically transfers all incoming calls from the Customer’s telephone number to another dialable telephone number until the Customer deactivates the feature. The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the Customer with the Call Forwarding – Variable is billed for the forwarded leg of the call.
- (f) *Speed Calling 8* – allows a Customer to dial selected numbers by means of an abbreviated code. This feature is available in with an 8 number capacity. The Speed Calling list can only accommodate a number consisting of 15 digits or less.
- (g) *Anonymous Call Rejection (Privacy Manager)* - allows a called party to reject calls from parties that have activated the *67 Per Call Blocking feature to prevent the display of the calling telephone numbers to Caller ID - Number Only subscribers, or to prevent the display of the calling telephone numbers and associated main listed names to Caller ID subscribers. When Anonymous Call Rejection is activated, such calls will be routed to an announcement which tells the calling party that the called party will not accept calls from callers who have chosen to prevent the display of their telephone numbers and names. The calling party will be instructed to hang up and place the call again, without activating the *67 Per Call Blocking feature. Customers may activate or deactivate Anonymous Call Rejection by dialing an activation code.
- (h) *3 -Way Calling* – Permits the Customer to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference. The Customer initiating the conference controls the call and may disconnect the third party to reestablish the original connection or establish a connection to a different third party. The feature may be used with both outgoing and incoming calls. Three-Way Calling is available on a per-use basis or on a monthly basis.

- (i) *Call Trace* - Allows a called party to initiate an automatic trace of the last call received. Call Trace is available on a usage basis only. After receiving the call which is to be traced, the Customer dials a code and the traced telephone number is automatically sent to the Company for action. The Customer originating the trace will not receive the traced telephone number. The results of the trace will be furnished only to legally constituted law enforcement agencies or authorities upon proper request by them.

SCHEDULE 3: DIRECTORY SERVICES

(A) DIRECTORY LISTINGS

1. Regulations

- (a) Primary Listing - For each Customer of Company-provided Exchange Access Service(s), PNG shall arrange for the listing of the Customer's main billing telephone number in the directory(ies) published by the incumbent Local Exchange Carrier in the area at no additional charge. For Customers with multiple Premises served by PNG, PNG will arrange for a listing of the main billing telephone number at each premise.
- (b) Length of Directory White Pages Listing - The Company reserves the right to limit the length of any White Pages Directory Listing by the use of abbreviations when, in its judgment, the clearness of the listing or the identification of the Customer is not impaired thereby. Where more than one (1) line is required to properly list the Customer, additional charges will not apply.
- (c) Right of Refusal - The Company may refuse a White Pages Directory Listing which is known not to constitute a legally authorized or adopted name, where obscenities or offensive material appear in the listing, or any listing which, in the opinion of the Company, is likely to mislead or deceive calling persons as to the identity of the listed party, or is a contrived name used for advertising purposes or to secure a preferential position in the directory or is more elaborate than is reasonably necessary to identify the listed party. The Company, upon notification to the Customer, will withdraw any White Pages Directory Listing that is found to be in violation of its rules with respect thereto.

(A) DIRECTORY LISTINGS, Continued

1. Regulations, Continued

- (d) Sections - Each White Pages Directory Listing must be designated as either "Government", "Business" or "Residence" so that it can be placed in the appropriate section of the White Pages Directory. In order to aid the User of the White Pages Directory, and to avoid misleading or deceiving the calling party as to the identity of the listed party, only business listings may be placed in the Business section and only residential listings in the Residential section. The Company, upon notification to the Customer, will withdraw any White Pages Directory Listing that is found to be in violation of its rules with respect thereto.
- (e) Schedule - In order for listings to appear in an upcoming White Pages Directory, the Customer must furnish the listing to the Company in time to meet the directory-publishing schedule.
- (f) Other Requirements - The Customer's White Pages Directory Listing may be subject to other requirements imposed by the ILEC publishing the telephone directory.

2. Descriptions

White Pages Directory Listings are provided in connection with each Customer's Service as specified herein.

- (a) Primary Listing - A primary listing contains the name of the Customer, or the name under which a business is regularly conducted, as well as the address and telephone number of the Customer. A primary White Pages Directory Listing is provided in connection with Local Exchange Service at no additional charge.
- (b) Additional Listings - In connection with Business Service, additional listings are available to be printed in the White Pages Directory in the names of Authorized Users of the Customer's Service, as defined herein. Rates for additional listings are specified in this Tariff.

SCHEDULE 5: BLOCKING SERVICE

(A) General

Blocking service is a feature that permits Customers to restrict access from their telephone line to various discretionary services. The following blocking options are available upon request to all Customers, provided the serving Central Office is appropriately equipped to provide the service:

1. 900, 700 Blocking - allows the subscriber to block all calls beginning with the 900 and 700 prefixes (i.e. 900-XXX-XXXX) from being placed.
2. 900, 971, 976 & 700 Blocking - allows the subscriber to block all calls beginning with the 900, 971, 976 and 700 prefixes from being placed.
3. Third Number Billed, Person-to-Person and Collect Call Restriction – provided by the Company automatically upon subscription, this service prevents all person-to person, third number billed and collect calls from being billed to the Customer’s telephone number.
4. Toll Restriction (1+ and 0+ Blocking) - provides the subscriber with local dialing capabilities but blocks any Customer-dialed call that has a long distance charge associated with it.

Toll Restriction will not block the following types of calls: 911 (Emergency), 1 + 800 (Toll Free), and operator assisted toll calls.

2. Certification

- (a) The applicant will self-certify eligibility for ULTS. Recertification is required annually or at anytime the qualifying criteria for recipients change.
- (b) New applicants for telephone service ordering ULTS are required to return a signed self certified form to the Company within 45 days or service will be changed to the regular tariffed rate. The full rate (excluding usage) will be retroactive to the date the ULTS rate commenced. Also, if service and labor charges were billed at the discounted ULTS rate, the amount of the discount will be back billed. The three (3) month limitation to back billing is not applicable to the recurring and nonrecurring charges. The regular change of service charge will also be applicable. Applicants who do not return a signed self-certification form to the Company within 45 days will be subject to the normal deposit requirements.
- (c) The Company will mail recertification forms annually to each recipient of ULTS. If the certificate is not received by the Company within 60 days, the Company will assume that the Customer is no longer eligible. The service will be converted to the regular tariffed rate for the type and grade of service furnished. No nonrecurring charge will be applicable for the change in service.

3. Additional Service and Equipment

Additional service and equipment are not included in the ULTS rate, but will be provided to ULTS Customers at applicable tariffed rates.

4. Deposits

- (a) Establishment of Credit - ULTS Residence Applicants. A deposit or other form of security will not be required unless the ULTS applicant has an unpaid final residence bill over 45 days old.

6. Customers qualifying for ULTS will be entitled to one installation every 12 months of primary access line as shown in rates and charges. No carry-over credit will be given for years in which no installation at reduced rates is made. Existing non-ULTS Customers qualifying for ULTS will be charged the ULTS change of service for change in class, type or grade of service, if applicable.
7. Recipients of ULTS must notify the Company when they no longer qualify for ULTS or if the service no longer meets the household's needs. Upon receipt of the notification, the Company will change the service to the regular tariffed rates for the service furnished. No charge will be applicable for this change in service. If the Company discovers that conditions exist which cause the recipient not to qualify for ULTS, the Customer will be notified that the service will be converted to regular tariffed rates, retroactive to the date the Customer can prove they became ineligible. If the Customer cannot prove when they became ineligible, the Company will bill the Customer retroactive to the last certification date. The rate billed will be the difference between the ULTS rate and the regular full rate, excluding usage, and will include nonrecurring charges, if applicable.

The Customer will be subject to the Company's rules applicable to the establishment of credit and subject to normal deposit requirements.

No charge will be applicable for this change in service.

(F) Public Telephone Surcharge

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997 (FCC 97-371), an undiscountable per call charge is applicable to all intrastate calls that originate from any pay telephone, not presubscribed to the Company, used to access Company provided services. This surcharge, which is in addition to standard tariffed usage charges and any applicable service charges and surcharges associated with service, applies for the use of the instrument used to access Company provided service and is unrelated to the service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and Interexchange Carriers. The Public Pay Telephone Surcharge applies to the initial completed call and any reoriginated call. The Public Pay Telephone Surcharge does not apply to calls placed from pay telephones at which the Customer pays for service by inserting coins during the progress of the call.

Whenever possible, the Public Pay Telephone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Public Pay Telephone Surcharge may be billed on a subsequent invoice after the Company has obtained information from a Carrier that the originating station is an eligible pay telephone.

Rate Per Call \$0.65

(G) Returned Payment Charge

When a check, credit card payment, bank draft or electronic funds transfer is returned or refused for insufficient funds, a closed or non-existent account, insufficient credit available or any other reason, the Customer will be assessed the following charge:

Charge per returned payment \$ 15.00

(H) Payment By Phone Charge

The Payment by Phone fee is designed to cover the costs of processing a payment over the phone with a live representative. This charge can be avoided by setting up automatic payments or by paying the monthly bill online using the Customer Portal.

DIGITAL NETWORK – PRIMARY RATE INTERFACE SERVICE/T-1)**

(N)

(A) Service Description

1. General

Integrated Services Digital Network (ISDN)-Primary Rate Interface (PRI)/T-1 is a central office based service arrangement that is an alternative for exchange access services. ISDN-PRI/T-1 is a service for high-speed dedicated digital voice and data transmission. Company's ISDN PRI Service employs a 1.544 Megabits per second (Mbps) facility typically divided into twenty-three B Channels and one D Channel. The B Channels are used for circuit-switched voice and data communications connecting to the public switched telephone network (PSTN) while the D Channel provides out-of-band signaling.

2. Regulations

ISDN PRI/T-1 service provides the Customer with a single, voice-grade, DTMF communications Channel.

ISDN PRI/T-1 and its associated features are only provided where facilities, equipment and technical capabilities exist and does not create an obligation for the Company to construct such facilities and equipment especially for the provision of this Service.

Customer is responsible for providing Customer Premises Equipment that is compatible with ISDN-PRI/T-1 Service.

The Company shall not be responsible if changes in any of the equipment, operations or procedures of the Company utilized in the provisioning of ISDN-PRI/T-1 Service render any facilities provided by the customer obsolete or require modification or alteration of such equipment or system or otherwise affect its use or performance.

(C) ISDN-PRI/T-1 Term and Volume Plans

1. **Business Plan 1 - Dedicated Local Voice T-1/PRI (digital only):** This T-1 service employs a variety of added features and offers unlimited local minutes with 24 and 36 month terms.
2. **Business Plan 2 - Integrated Voice and Data (digital only):** This service combines voice and data traffic over a single circuit. Bandwidth is dynamically allocated between voice and data, as needed. This plan is available in line and trunk configurations with multiple voice channel and data bandwidth options. This business service offers unlimited local minutes with 12, 24 and 36 terms.
3. **Business Plan 3 – Dedicated Local PRI (digital or analog):** This business service provides local service utilizing Primary Rate Interface (PRI). PRI is a Digital System 1 (DS1) comprised of 23 B channels and 1 D channel. Each B channel uses the full 64k for the voice traffic. The single D channel is used for call setup, tear down and other signaling. All channels work at 64kbps. PRI uses the signaling standard Common Channel Signaling No. 7 (SS7). PRI is used when the customer has a digital PBX and PRI interface card. Available with 100,000 included minutes of local usage or 300,000 included minutes of local usage. This business service is available in 12, 24, or 36 month terms.
4. **Business Plan 4 – Dedicated Local Digital T1 (digital or analog):** Digital T1 uses in band signaling to support 24 simultaneous calls. Each 64k voice channel uses ~8k for signaling. This leaves 56k for voice traffic. A Digital T1 Trunk is used when a digital PBX and digital T1 interface card are available. Available with 100,000 included minutes of local usage or 300,000 included minutes of local usage. This business service is available in 12, 24, or 36 month terms.
5. **Business Plan 5 – Integrated Voice and Data (digital or analog):** Combines voice and data traffic over a single circuit. Bandwidth is dynamically allocated between voice and data, as needed. This plan is available in line and trunk configurations with multiple voice channel and data bandwidth options. All options are scalable. This business service is available in 12, 24, or 36 month terms.

(E) Business Plans Optional Features

1. Business Plans 1 and 2:

Backup D Channel – In arrangements of two or more Primary Rate Interfaces or Ports, it provides enhanced continuity of Service by allowing a D Channel on one Primary Rate Interface or Port to automatically take over for a failed D Channel on another Primary Rate Interface or Port. A single Backup D Channel may support a maximum of five interfaces or ports.

Calling Number and Name Delivery – Provides the Customer who is receiving a call with the telephone number and the name of the calling party.

Serial Hunt – Calls will start with the number of the trunk dialed and hunt sequentially to the end of the trunk or hunt group.

Circular Hunt – A switch feature that dynamically points each new call attempt to the next idle B Channel following the last Channel either to have accepted a call or the last Channel to have attempted to place a call.

(E) Business Plans Optional Features, Continued

1. Business Plans 1 and 2, Continued:

DLH (Distributed Line Hunting) – Calls are distributed evenly among a trunk group or hunt group by number of calls.

MIDL/LIDL (Most Idle/Least Idle) – Incoming calls will be sent to the trunk that has been idle the longest (MIDL) or the shortest (LIDL) amount of time.

Direct Inward Dialing (DID) Numbers – Provides telephone numbers for direct inward dialing. Numbers are available in blocks of ten or one hundred, or as a single number. The assignment and sequence of the numbers may be requested by the Customer in cases where the Company has the number or series of numbers available for use.

Dynamic Channel Allocation – Allows a Customer to designate the quantity of B Channels for call types to be allocated within previously provisioned criteria for DID.

Enhanced Alternate Route – Allows incoming voice calls to overflow on an emergency and busy basis to a line or Trunk side connection designated by the Customer. A route may be limited in the number of simultaneous calls that can be routed.

Enhanced 911 – The number of the caller is transmitted to the PSAP where it is cross-referenced with an address database to determine the caller's location.

Inform 911 – Allows the calling party number of the station to be sent to the E911 database rather than the billed telephone number. It is the Customer's responsibility to provide station number updates to the 911 database.

Local Number Portability – Allows businesses to switch local service providers and retain their local telephone numbers.

(E) Business Plans Optional Features, Continued

1. Business Plans 1 and 2, Continued:

Inbound Only – Provides for an inbound calling option on the Primary Rate Interface or Primary Rate Port. No outgoing capability exists when this feature is selected. A minimum of one D Channel is required.

Inbound Interface – Provides a PRI termination and a Digital multichannel transmission path between the Central Office and the Customer's Premises and is configured with one D Channel or a Backup D Channel and 23 B Channels or 24 B Channels

Universal Calling – Allows the end-user to make and receive local, intraLATA (local toll) and long distance calls. PNG Local Service provides Universal Calling with the following call coverage:

- Local Call Coverage: enable callers to place phone calls to any telephone in a pre-defined local calling area.
- Extended Area Service (EAS): enables callers to place calls to a pre-defined area outside of what is normally considered the local calling area at no extra charge.
- IntraLATA (Local Toll): carried by the long distance network.
- InterLATA: also carried by the long distance network.

Service Access Codes (SAC) – SACs are non-geographic area codes (often referred to as NPAs) assigned for special network uses. These codes include 500,700, and 8XX

2. Business Plan 3:

Calling Name Delivery - Allows customer to receive the calling name on inbound calls (customer equipment must be NI-2 compliant).

D-Channel Sharing - PRIs can be aggregated with one D-channel controlling multiple PRIs.

D-Channel Backup - Allows a predetermined D-Channel to automatically take over if the primary D-Channel fails.

(L)

(A) Generally

Certain Custom Calling Features in this section are included in Network Exchange Bundled Service packages offered by PNG as set forth in Schedule 101. Other Custom Calling Services described below also may be purchased in addition to the Services included in a particular package but these features are available only when purchased in combination with a PNG provided Network Exchange Bundled Service.

(T)

Rates for Custom Calling Features are covered in Schedule 101 (A)5.

(T)

(B) Feature Descriptions

1. *Anonymous Call Rejection* – an arrangement that allows a called party to reject calls from parties that have activated the *67 Per Call Blocking feature to prevent the display of the calling telephone numbers to Caller ID - Number Only subscribers, or to prevent the display of the calling telephone numbers and associated main listed names to Caller ID subscribers. When Anonymous Call Rejection is activated, such calls will be routed to an announcement which tells the calling party that the called party will not accept calls from callers who have chosen to prevent the display of their telephone numbers and names. The calling party will be instructed to hang up and place the call again, without activating the *67 Per Call Blocking feature. Customers may activate or deactivate Anonymous Call Rejection by dialing an activation code. This arrangement is included with the Caller ID – Number Only and Caller ID features and is available to non-Caller ID –Number Only/Caller ID Customers.
2. *Call Blocking* – allows Customers to block calls from different telephone numbers. A screening list is created by the Customer either by adding the last number with the line (incoming or outgoing) or by pre-selecting the telephone number to be blocked. Callers from such number hear an announcement that the calling party is not accepting calls.

3. *Call Forwarding - Fixed, Busy Line No Answer* – This feature, when activated, redirects attempted terminating calls to another PNG-specified line. Call originating ability is not affected by Call Forwarding-Fixed, Busy Line No Answer. The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the Customer with the Call Forwarding – Fixed, Busy Line No Answer is billed for the forwarded leg of the call.
4. *Call Forwarding -Variable* – a Customer activated feature that automatically transfers all incoming calls from the Customer’s telephone number to another dialable telephone number until the Customer deactivates the feature. The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the Customer with the Call Forwarding – Variable is billed for the forwarded leg of the call.
5. *Call Waiting with Caller ID with Name* – Call Waiting with Caller ID with Name provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in and allows a Customer to see a caller’s name and number previewed on a display screen allowing a Customer to prioritize and/or screen incoming calls. This feature permits the Customer to place the first call on hold, answer the second call and then alternate between both callers. Call Waiting with Caller ID with Name Service requires the use of specialized Customer provided equipment not provided by PNG. It is the Customer’s responsibility to obtain such Customer provided equipment.
6. *Caller ID Per Line Blocking* – allows a Customer to prevent the transmission and display of their directory number and/or directory name information on outgoing calls. Line Blocking is in operation on a continuous basis and is applicable on all outgoing calls from Customer’s blocked line. Line Blocking does not prevent transmission of the calling party information to emergency Services that utilize automatic number identification for delivery of the calling information.

7. *Caller ID with Name* – allows a Customer to see a caller’s name and number previewed on a display screen before the call is answered allowing a Customer to prioritize and/or screen incoming calls. Caller ID records that name, number, date and time of each incoming call – including calls that are not answered by the Customer. Caller ID Service requires the use of specialized Customer provided equipment not provided by PNG. It is the Customer’s responsibility to obtain such Customer provided equipment.
8. *Speed Calling* – allows a Customer to dial selected numbers by means of an abbreviated code. This feature is available in either an 8 number or a 30 number capacity. The Speed Calling list can only accommodate a number consisting of 15 digits or less.
9. *Three-Way Calling* – Permits the Customer to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference. The Customer initiating the conference controls the call and may Disconnect the third party to reestablish the original connection or establish a connection to a different third party. The feature may be used with both outgoing and incoming calls.

RULE 2 DESCRIPTION OF SERVICE

The Company undertakes to furnish primarily residential communications service pursuant to the terms of this Tariff in connection with one-way and/or two-way information transmission between points within the State of California.

Customers and users may use service and Facilities provided under this Tariff to obtain access to services offered by other service providers. The Company is responsible under this Tariff only for the services and Facilities provided hereunder, and it assumes no responsibility for any service provided by any other entity that purchases access to the Company network in order to originate or terminate its own services, or to communicate with its own customers (e.g., NPA 900, NXX 976, etc.).

Company provides basic local exchange service and bundled services that combine basic local exchange service, intrastate and interstate long distance service and custom calling features. Service is offered to Customers pursuant to the terms of this Tariff. Descriptions applicable to specific offerings are found in Rate Schedules contained in Section 1 of this Tariff.

Service is available 24 hours per day, seven days per week and is subject to the availability of necessary service, equipment and Facilities and the economic feasibility of providing such necessary service, equipment and Facilities.

Services are offered via the Company's Facilities (whether owned, leased or under contract) in combination with facilities services provided by other certificated Carriers.

RULE 3 APPLICATION FOR SERVICE

Service may be initiated or changed based on a written or oral agreement between the Company and the Customer.

(A) Information to be Provided by Customer

A Customer desiring to obtain service, which may be initiated based on a written or oral agreement between the Company and the Customer, must provide the following information: an address to which the Company shall mail or deliver all notices and other communications, except that the Customer may also designate a separate address to which the Company's bills for service shall be mailed.

(B) Information to be Provided by Company

The Company shall designate an address to which the Customer shall mail or deliver all notices and other communications, except that the Company may designate a separate address on each bill for service to which the Customer shall mail payment on that bill.

Prior to the agreement, the Customer shall be informed of the services offered by the Company and the rates at which those services are offered and of the Customer's right to cancel a term contract. The Customer will also be informed of rates and charges for the services the Customer desires, and any other rates or charges which will appear on the Customer's first bill.

During the initial contact all applicants for residential service, including those adding additional lines to existing service, will be given information regarding the Universal Lifeline program and its availability, the Deaf and Disabled Trust Programs, availability and effect of freezing the pre-subscribed Carrier assigned to the account, availability and effect of restricted toll calling, availability and effect of deleting access to 900 and 976 pay-per-call telephone information services, availability and effect of blocking options for pay per use features that do not require dialing an Access Code to activate, availability and effect of blocking non-presubscribed Carrier (e.g., third party) charges from being billed on the telephone bill, availability and effect of Caller ID blocking options and availability and rates of the least expensive service meeting the Customer's states needs.

2.0 RULES, Continued

RULE 3 APPLICATION FOR SERVICE

(B) Information to be Provided by Company, Continued

If the application is made in person, the Company will provide the Customer with a written confirmation of the order at the point of sale. If the application is made verbally, the Company will, not later than seven (7) days after the order is accepted or after the Company is notified of the order initiated through another Carrier, provide a confirmation letter setting forth the key rates, terms and conditions for each service ordered. The written confirmation will be in a minimum of 10-point type and will otherwise conform to the provisions of Commission Rules 2(a) through 2(d).

(C) Cancellation of Application for Service:

When a Customer cancels an application for service prior to the start of service or prior to any special construction, no charges will be imposed except for those specified below. The special charges described in this section will be calculated on a case-by-case basis.

Where, prior to cancellation by the Customer, the Company incurs any expenses in installing the service or in preparing to install the service that it otherwise would not have incurred, a charge equal to the costs the Company incurred, less net salvage, shall apply, but in no case shall this charge exceed the sum of the charges for the minimum period of services orders, including installation charges, and all charges others levy against the Company that would have been chargeable to the Customer had service begun (all discounted to present value at six percent.)

Where the Company incurs any expense in connection with special construction, or where special arrangements of Facilities or equipment have begun, before the Company receives a cancellation notice, a charge equal to the costs incurred, less net salvage, applies. In such cases, the charge will be based on such elements as the cost of the equipment, Facilities, and material, the cost of installation, engineering, labor, and supervision, general and administrative expense, other disbursements, depreciation, maintenance, taxes, provision for return on investment, and any other costs associated with the special construction or arrangements.

Charges are subject to the provisions of General Order No. 96-A.

RULE 3 APPLICATION FOR SERVICE, Continued

(D) Cancellation of Service:

The Customer may have service discontinued upon verbal or written notice to the Company. Customers may cancel without termination fees or penalties any new tariffed service or any new contract for service within thirty (30) days after the new service is initiated. The Company shall hold the Customer responsible for payment of all bills for service furnished until the cancellation date specified by the Customer or until the date that the written cancellation notice is received, whichever is later. A termination liability charge applies to cancellation of a term agreement more than thirty (30) days after service was initiated.

Charges are subject to the provisions of General Order No. 96-A.

(E) Denial of Application for Service

When the Company denies an application for Service subject to Commission Jurisdiction, the Company will inform the Applicant of the reasons within ten (10) days thereafter. The Company's reasons will be provided in writing unless the Applicant agrees to accept a different form of notice.

(F) At the expiration of the initial term specified in each Service Order, or in any extension thereof, service shall continue on a month to month basis at the then current rates unless terminated by either party. Any termination shall not relieve the Customer of his or her obligation to pay any charges incurred under the Service Order and this Tariff prior to termination. The rights and obligations which by their nature extend beyond the termination of the terms of the Service Order shall survive such termination.

2.0 RULES, Continued

RULE 3 APPLICATION FOR SERVICE, Continued

(G) Termination Liability (for Contracts terminated more than thirty (30) days after Service is initiated):

Unless otherwise specified in individually negotiated contracts, the termination liability for services purchased under a Term Agreement will be equal to the lesser of either:

- 1) 20% of the balance of the total billing payable during the life of the term, or
- 2) the difference between the monthly rate for the selected term plan and the monthly rates for the longest term plan that Customer could have satisfied prior to early discontinuance of service.

(H) Initiation of Service

If the application is made in person, the Company will provide the Customer with a written confirmation of the order at the point of sale. If the application is made verbally, the Company will, not later than seven (7) days after the order is accepted or after the Company is notified of the order initiated through another Carrier, provide a confirmation letter setting forth the key rates, terms and conditions for each service ordered. The written confirmation will be in a minimum of 10-point type and will otherwise conform to the provisions of Commission Rules 2(a) through 2(d).

Potential Customers who are denied service for failure to establish credit or pay deposit as described in this Tariff must be given the reason for the denial in writing within 10 days of service denial.

RULE 5 SPECIAL INFORMATION REQUIRED ON FORMS

(A) Customer Bills

Bills will be clearly organized and will only contain charges for products and services the purchase of which the Customer has authorized.

The Company's name shall be identified on each Customer bill. Each bill will prominently display a toll-free number for service or billing inquiries, together with an address where the Customer may write to the Company. If the Company uses a billing agent, the Company will also include the name of the billing agent it uses. Each bill for telephone service will contain notations concerning the following:

1. When the bill shall be paid by the Customer to the Company;
2. Billing detail, including the period of service covered by the bill, and the due date;
3. Late payment charges and when they will be applied;
4. How the Customer must pay the bill;
5. How to contact the Company with questions about the bill;
6. The amount being charged for each product or service, and a clear and concise description of the service, product or other offering for which a charge has been imposed. The description will be sufficiently clear in presentation and specific in context so that Customers can accurately assess that the services for which they are billed correspond to those that they have requested and received, and that the costs assessed for those services conform to their understanding of the price charged; and
7. If the bill contains charges for basic residential or single line business service and other charges, the bill will distinguish between charges for which non-payment will result in disconnection of basic residential or single line business service, and charges for which non-payment will not result in such disconnection. The distinction will be explained to the Customer and those charges for which non-payment will not result in disconnection of basic residential or single line business service will be clearly and conspicuously identified.

RULE 6 ADVANCE PAYMENTS, DEPOSITS, AND GUARANTORS

(A) Advance Payments

At the time an application for service is made, an applicant may be required to pay an amount equal to one month's service charges and/or the service connection and/or equipment charges which may be applicable as well as any nonrecurring charges for any required special construction. The Company will not require advance payments for usage. The advance payment made by the Customer is credited to the Customer's account on the first bill rendered.

(B) Deposits

1. Requirement: The Company may require an applicant or an existing Customer to post a guarantee for the payment of charges as a condition to receiving service or additional services if and only if the Applicant or Customer is unable to demonstrate acceptable credit to the satisfaction of the Company. The Company may not require for its own benefit a deposit for services provided by another Carrier, or refuse to accept a deposit in lieu of demonstrating satisfactory credit. . The Company reserves the right to review an applicant's or a Customer's credit history at any time to determine if a deposit is required.
2. Nondiscrimination: Deposits will not be required by the Company based on race, sex, creed, national origin, marital status, age, number of dependents, condition of physical handicap, source of income, or geographical area of business.
3. Amount: The amount of the deposit shall not exceed twice the estimated average monthly bill for the class of service for which the deposit is to be applied. In the event a Customer requests services in addition to basic service, the average bill will reflect the aggregate services requested by the Customer. Interest on deposits will be set at the 3-month commercial paper rate published by the Federal Reserve Board, except no interest will be paid if the Customer has received a minimum of two discontinuance of service notices in a 12-month period. The fact that a deposit has been made neither relieves the Customer from complying with the Company's regulations on the prompt payment of bills on presentation nor constitutes a waiver or modification of the regulations of the Company providing for the discontinuance of service for nonpayment of any sums due the Company for services rendered.

4. Refund upon Discontinuance: Upon discontinuance or termination of service, the Company will credit the deposit to the charges stated on the final bill. The balance, if any, will be returned to the Customer within 30 days after discontinuance of service, and will include any interest on the deposit as set forth above.
5. Refund after Satisfactory Payment: After payment of all basic service charges for 12 consecutive billing periods, within 30 days, the Company will refund the deposit to the Customer. The refund will include interest at the rate set forth above. Payment of a charge is satisfactory if received prior to the date that the charge becomes delinquent provided that it is not returned for insufficient funds or closed account. However, deposits may not receive interest if the Customer has received a minimum of two notices of discontinuance of service for nonpayment of bills in a 12-month period.

The Company will refund deposits associated with services other than basic service not later than 120 days after service is discontinued.

6. Deposit Receipt: See Rule 5.
7. Deposits shall not be required if the applicant:
 - (a) Provides a satisfactory credit history acceptable to the Company. Credit information contained in the applicant's account record may include, but shall not be limited to, account established date, "can-be-reached" number, name of employer, employer's address, Customer's driver's license number or other acceptable personal identification, billing name, and location of current and previous service. Credit cannot be denied for failure to provide social security number.
 - (b) A co-signer or guarantor may be used providing the co-signer or guarantor has acceptable credit history with the Company or another acceptable local Exchange Carrier.
 - (c) The Company cannot refuse a deposit to establish credit for service. However, it may request that the deposit be in cash or other acceptable form of payment (e.g., cashier's check, money order, bond, letter of credit, etc.).

RULE 7 NOTICES AND COMMUNICATIONS

(A) Notice by the Company:

Unless otherwise provided by these Rules, any notice by the Company to the Customer or to the Customer's authorized representative will be given in writing either by facsimile to the Customer or to the Customer's authorized representative, or by written notice mailed to the Customer's or the authorized representative's last known address. The Company may provide verbal notice to a Customer or to an authorized representative thereof only in emergencies, where a delay may result in impaired service or a hazard to a Customer. All notices and other communications of either party, and all bills mailed by the Company, shall be presumed to have been delivered to the other party on the third business day following of the placement of the notice, communication or bill with the U.S. Mail or a private delivery service, prepaid and properly addressed, or when actually received or refused by the addressee, which ever occurs first.

(B) Notice by the Company Regarding Rate Information:

1. Rate information and information regarding the terms and conditions of service will be provided in writing upon request by a current or potential Customer. Notice of increases in rates will be provided in writing to the Customer and postmarked at least 25 days prior to the effective date of the change. No Customer notice (other than a Tariff revision filed with the CPUC) shall be required for a rate decrease. Customers shall be advised of optional service plans in writing as they become available. In addition, Customers shall be advised of changes to the terms and conditions of service which may result in rate increases to some or all Customers or which result in reduced service or increased obligations for Customers.
2. When the Company provides information to a consumer which is allegedly in violation of its tariffs, the consumer shall have the right to bring a complaint against the Company. If the Commission determines that the complaint is part of a pattern of misinformation or was an attempt to defraud the Customer, the Commission may impose appropriate sanctions.
3. The Company will notify Customers in writing of a change in ownership or identity of a Customer's service provider on the Customer's next monthly billing cycle.

RULE 8 RENDERING AND PAYMENT OF BILLS

- (A) Customer bills are issued monthly. The Customer will receive its bill on or about the same day of each month. Months are presumed to have 30 days. The billing date is dependent on the billing cycle assigned to the Customer. Each bill contains monthly recurring charges billed in advance, usage charges billed in arrears, and the last date for timely payment. The Company will prorate monthly recurring charges based on a 30 day month.
- (B) Bills are due and payable as specified on the bill. Bills may be paid by mail or in person at the business office of the Company or an agency authorized to receive such payment. All charges for service are payable only in United States currency. Payment may be made by cash, check, money order, or cashier's check.
- (C) Customer payments are considered prompt when received by the Company or its agent by the due date on the bill. The due date is 30 days after the bill is rendered and is designated by the due date on the Customer's bill to timely pay the charges stated.
- (D) The Company will credit payments effective the business day payments are received by the Company or its agent.
- (E) Bills that remain unpaid beyond the due date on the bill will incur a late payment charge of 1.5% of the outstanding unpaid balance for each month or part of a month that the bill remains unpaid after the specified due date. The late payment date will be displayed prominently on the Customer's bill.

- (F) In addition to other sales and usage taxes, the Company will add to Customers' bills certain federal, state and local surcharges. Such charges include, but are not limited to, the surcharges, taxes and fees set forth below:
1. CPUC Reimbursement Fee 0.110%
 2. Universal Lifeline Surcharge (ULTS) 1.10%
 3. California Relay Service and Communication Devices Fund 0.300%
 4. California High Cost Fund A 0.17%
 5. California High Cost Fund B 2.20%
 6. California Teleconnect Fund 0.160%
- (G) See Rule 5 for other information to be included on the bill.
- (H) A bill will not include any previously unbilled charge for intrastate service furnished prior to three (3) months immediately preceding the date of the bill, four months in the case of wireless roaming charges on a system other than the Customer's home system, and five months for collect, third-party and calling card calls. This limitation on backbilling does not apply in cases involving Customer fraud.
- (I) Customers may access their bills by signing on to PNG's Customer Portal at <https://secure.pngcom.com/customerportal/loginform.php>. PNG's primary method of rendering and submitting bills is electronic. Those Customers who do not opt to pay their bills via the Customer Portal may receive a paper bill. A monthly fee of \$1.00 may be charged to Customers who desire a paper bill. The electronic form of bill on the Customer Portal contains all of the same information as the paper bill, as required by Commission rules and regulations and set forth in Rule 5 above.

RULE 9 DISPUTED BILL PROCEDURE

- (A) In the case of a dispute between a Customer and the Company as to the correct amount of a bill rendered by the Company for service furnished to the Customer, which cannot be adjusted with mutual satisfaction, the Customer may make the following arrangements:
1. The Customer may make a request, and the Company shall comply with the request, for an investigation and review of the disputed amount. The Company will reach a determination and communicate it to the Customer within 30 days of the request.
 2. During the time the investigation is pending, no late charges or penalties may be collected, the charge may not be sent to collection, and no adverse credit report may be made based on non-payment of the charge. If the Customer prevails, then no late charge or penalty may be imposed on the amount in dispute.
 3. The undisputed portion of the bill and subsequent bills, other than the disputed amount, must be paid by the "Due by" date shown on the bill, which date shall be no sooner than 22 days of the Date Of Presentation of the bill. If the undisputed portion of the bill and subsequent bills become delinquent as described in Rule 8, the service may be subject to disconnection if the Company has notified the Customer by written notice of such delinquency and impending termination.
 4. If there is still disagreement about the disputed amount after an investigation and review by a manager of the Company, the Customer may appeal to the Consumer Affairs Branch ("CAB") of the CPUC for an investigation and decision. To avoid disconnection of service, the Customer must submit the claim and, if the bill has not been paid, deposit the amount in dispute with CAB within 7 calendar days after the date on which the Company notifies the Customer that the investigation and review have been completed and that such deposit must be made or service will be disconnected. However, the service will not be disconnected prior to the Due By Date shown on the bill. The Company may not disconnect the Customer's service for nonpayment as long as the Customer complies with these conditions. During the time any CAB review is pending, no late charges or penalties may be collected, the charge may not be sent to collection and no adverse credit report may be made based on non-payment of the charge.

5. The Company shall respond within 10 business days to requests for information issued by CAB. CAB will review the Customer's claim of the disputed amount, communicate the results of its review to the Customer and the Company, and disburse the monies deposited by the Customer.
6. After the investigation and review are completed by the Company, as noted in 1. above, if the Customer elects not to deposit the amount in dispute with the CAB, such amount becomes due and payable at once. In order to avoid disconnection of service, such amount must be paid within seven (7) calendar days after the date the Company notifies the Customer that the investigation and review are completed and that such payment must be made or service will be interrupted. However, the service will not be disconnected prior to the Due By Date shown on the bill.

RULE 13 CONTINUITY OF SERVICE

(A) Allowances for Interruptions in Service

Credit allowance for interruptions of service which are not due to the Company's testing or adjusting, to the negligence of the Customer, or to the failure of Channels, equipment or Communications System provided by Customer, are subject to the general liability provisions set forth in Rule 18, herein. It shall be the obligation of the Customer to notify the Company of any interruptions in service. Before giving such notice, Customer shall ascertain that the trouble is not being caused by any action or omission of Customer, not within his control, or is not in wiring or equipment connected to the terminal of Company.

(B) Use of Another Means of Communications

If the Customer elects to use another means of communications during the period of interruption, the Customer must pay the charges for the alternative service used.

(C) Credit for Interruptions

1. A credit allowance will be made when an interruption occurs because of a failure of any component furnished by the Company under this Tariff. An interruption period begins when the Company becomes aware of the interruption. An interruption period ends when the service, facility or circuit is operative. If the Customer reports a service, facility or circuit to be inoperative but declines to release it for testing and repair, it is considered to be impaired, but not interrupted.
2. For calculating credit allowances, every month is considered to have 30 days. A credit allowance is applied on a pro rata basis against the rates specified hereunder and is dependent upon the length of the interruption. Only those Facilities on the interrupted portion of the circuit will receive a credit.

RULE 16 MEASUREMENT OF SERVICE

When charges for calls are mileage sensitive, airline mileage is computed as described below.

Calls are measured and rounded to the higher full minute from the Serving Wire Center of the Customer's originating location to the Serving Wire Center of the destination of the call, regardless of Company routing. The distance between the Serving Wire Center origination point and that of the destination point is calculated by using the "V" and "H" coordinates as defined by Bell Communications Research (BellCore) and NECA Tariff FCC No. 4 in the following manner:

Step 1: Obtain the "V" and "H" coordinates for the originating and terminating wire centers.

Step 2: Obtain the difference between the "V" coordinates of each of the Serving Wire Centers. Obtain the difference between the "H" coordinates.

Step 3: Square the differences obtained in Step 2.

Step 4: Add the squares of the "V" difference and "H" difference obtained in Step 3.

Step 5: Divide the sum of the squares obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results.

Step 6: Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the airline mileage of the call.

(A) Basis for Charges

Special Construction Charges apply where the Company furnishes a facility or service for which a rate or charge is not specified in the Company's tariffs. Charges are subject to the provisions of General Order No. 96-A. Charges will be based on the costs incurred by the Company (including return) and may include:

1. nonrecurring charges;
2. recurring charges;
3. termination liabilities; or
4. combinations of (a), (b), and (c).

(B) Termination Liability

To the extent that there is no other requirement for use by the Company, a termination liability may apply for Facilities specially constructed at the request of a Customer.

1. The period on which the termination liability is based is the estimated service life of the Facilities provided.
2. The amount of the maximum termination liability is equal to the estimated amounts (including return) for:
 - (a) Costs to install the Facilities to be provided including estimated costs for the rearrangements of existing Facilities. These costs include:
 - I. equipment and materials provided or used;
 - II. engineering, labor, and supervision;
 - III. transportation; and
 - IV. rights of way and/or any required easements;

RULE 23 INSTALLATION, REPAIR AND/OR MAINTENANCE

(A) Installation and/or Repair Appointments

When establishing an installation or repair appointment for which the Customer must be present, the Company will offer the Customer a four-hour or shorter period during which it will arrive to commence work. If the installation or repair is not commenced within that period, the Carrier offering the repair or installation service shall provide a \$25 minimum credit to the Customer unless the appointment was missed because (1) the Company was denied access to the Premises, (2) force majeure, or (3) the Company cancelled or rescheduled the appointment no later than 5:00 p.m. two business days prior to the appointment. This credit is independent of any remedies available to the Customer under Civil Code Section 1722(c) or elsewhere.

(B) Non-routine Installation and/or Maintenance

At the Customer's request, installation and/or maintenance may be performed outside the Company's regular business hours, or (in the Company's sole discretion and subject to any conditions it may impose) in hazardous locations. In such cases, charges based on the cost of labor, material, and other costs incurred by or charged to the Company will apply. If installation is started during regular business hours but, at the Customer's request, extends beyond regular business hours into time periods including, but not limited to, weekends, Holidays, and/or night hours, additional charges may apply.

(A) Solicitation of Customer Authorization for Service Termination and Transfer

Solicitations by the Company, or its agents, for Customer authorization for termination of service with an existing Carrier and the subsequent transfer to the Company must include current rate information on the Company and information regarding the terms and conditions of service with the Company. Such solicitation must conform with California Public Utilities Code Section 2889.5, and be legibly printed in at least 10 point type. A penalty or fine of up to \$500 may apply for each violation of this Rule.

(B) Unauthorized Service Termination, Transfer or Re-establishment

1. Neither the Company, nor any person, firm or corporation representing the Company, will make any change or authorize a different Carrier to make any change in the provider of any telephone service for which competition has been authorized of a Customer without the Customer's authorization.
2. Where service has been cancelled at the Customer's request, the Company will not re-establish service for that Customer without a new Customer authorization. The authorization may not be founded upon any term in an agreement for service that binds the Customer to again take service from the Company.
3. Company will comply with all applicable provisions of Commission Rule 5, Rules Governing Slamming Complaints.
4. Any submitting telecommunications Carrier that fails to comply with the required procedures for changing Carriers or verifying subscriber authorization shall be liable to the Customer's properly authorized Carrier in an amount equal to 150% of all charges paid to the submitting telecommunications Carrier by such subscriber after such violation, as well as for additional amounts as prescribed in Commission Rule 5.H. RULE 32 LEGAL REQUIREMENTS FOR REFUSAL OR DISCONTINUANCE OF SERVICE

California Public Utilities Commission's Decision No. 91188 in Case No. 4930 requires that each communications utility operating under the jurisdiction of the CPUC include the provisions of the rule set forth in Appendix B of that Decision as a part of the rules in the utility's tariff schedules. Accordingly, Appendix B of Decision No. 91188, Case No. 4930, is quoted herein:

"Appendix B"

(A) Any communications utility operating under the jurisdiction of this Commission shall refuse service to a new applicant and shall disconnect existing service to a Customer upon receipt from any authorized official of a law enforcement agency of a writing, signed by a magistrate, as defined by Penal Code sections 807 and 808, finding that probable cause exists to believe that the use made or to be made of the service is prohibited by law, or that the service is being or is to be used as an instrumentality, directly or indirectly, to violate or to assist in the violation of the law. Included in the magistrate's writing shall be a finding that there is probable cause to believe not only that the subject telephone Facilities have been or are to be used in the commission or facilitation of illegal acts, but that the character of such acts is such that, absent immediate and summary action in the Premises, significant dangers to public health, safety, or welfare will result.

(B) Any person aggrieved by any action taken or threatened to be taken pursuant to this rule shall have the right to file a complaint with the Commission and may include therein a request of interim relief. The Commission shall schedule a public hearing on the complaint to be held within 20 calendar days of the filing of the complaint. The remedy provided by this rule shall be exclusive. No other action at law or in equity shall accrue against any communications utility because of, or as a result of, any matter or thing done or threatened to be done pursuant to the provisions of this rule.

(C) If communications Facilities have been physically disconnected by law enforcement officials at the Premises where located, without Central Office disconnection, and if there is not presented to the utility the written finding of a magistrate, as specified in paragraph 1 of this rule, then upon written request of the subscriber, the utility shall promptly restore such service.

This demarcation point designates the end of the INC provided by the building owner and the beginning of simple or complex inside wire provided by the Customer.
2. The INC demarcation point is located at the distribution terminal(s) on each floor in a multi-story building, except as set forth in paragraph 3 of this rule below and (B) 4 preceding.
3. Where there is no intrabuilding network cable or it is in a single-story building, the INC demarcation is the Company's Local Loop Demarcation Point.

(D) Inside Wire Demarcation Point

1. The inside Wire Demarcation Point is located where Customer Premises Equipment (CPE) is connected to the inside wire. This demarcation point designates the end of the inside wire and the beginning of the CPE facilities.
2. The Inside Wire Demarcation Point separates the inside wire vendor's responsibility from that of the CPE vendor. This demarcation point, where the Company is the vendor of choice for inside wire repair and the CPE trouble isolation, begins where the Customer's inside wire connects to the INC. Where there is no INC, the Inside Wire Demarcation Point is the MPOE.

(E) Continuous Property

1. Continuous Property is land which is
 - (a) wholly owned by a single individual or entity, regardless of whether the owner leases⁴ all or a portion(s) of the property to another and
 - (b) which contains, or will contain, multiple buildings where all portions of the property may be served without crossing a public thoroughfare⁵ or the property of another.
2. There are three basic types of Continuous Properties:
 - (a) Single-tenant commercial in which one owner or tenant occupies all building.
 - (b) Mixed commercial and residential (e.g., building with both commercial and residential space or campus-type configurations such as colleges and military bases) in which a mixture of business and residential uses exists.

4 The property retains its character as a Continuous Property regardless of whether the owner or a lessee (who wholly leases the property from the owner) sublets a portion(s) of the property to another, e.g., apartment buildings or complexes. Condominiums also are Continuous Property.

5 A "public thoroughfare" is a street, road, or other means of passage across a property which is not subject to restrictions on ingress, egress, or boundaries.

(c) Multi-tenant commercial and/or residential in which several tenants occupy a building individually on a per-floor or per-section basis.

Single family homes and properties within which a portion(s) of the land is owned by separate entities and portion(s) is owned by the entities in common⁶ do not constitute Continuous Property.

3. Continuous Property

(a) For Continuous Property, regardless of use, the Company's Local Loop Demarcation Point will be at the appropriate main distribution terminal as determined by negotiations between the property owner and the Company. Where an agreement cannot be reached, the Company will designate the Local Loop Demarcation Point location.

(b) It is the property owner's responsibility to provide and maintain INC within and between buildings on a continuous property. The Company may, at the Customer request and expense, provide INC.

⁶ Such as townhomes and homes in gated communities.

(E) Continuous Property, Continued

4. Where an owner of Continuous Property requests additional Local Loop Demarcation Points or changes an existing local loop demarcation point, the owner will be required to pay for any additional network cable and Facilities required through special construction agreements set forth in this Tariff, except as provided in the preceding paragraph.
5. The INC and Inside Wire Demarcation Points are located as described above.
6. At the request of a property owner, a Company may waive the designation of a single Local Loop Demarcation Point for a Continuous Property if, due to the unique characteristics of the property, a hardship would be created for the property owner and/or the Company. Examples of such Continuous Property include
 - (a) national, state and local parks, beaches, highways, harbors and similar publicly-owned property and
 - (b) railroad rights-of-way and extensive, privately-owned tracts of land with developed communities (e.g., the City of Irvine) and similar privately-owned property.
7. The Company will treat land within the boundaries of privately-owned property under (b) above as Continuous Property, provided that it had the characteristics of Continuous Property, e.g.,
 - (a) it is wholly leased by a single individual or entity and
 - (b) it contains or will contain multiple buildings.

This subsection (E) 6 is not intended in any way to waive the unbundling of INC in each building.

3.0 SPECIAL SERVICE ARRANGEMENTS

3.1. INDIVIDUAL CASE BASIS (ICB) ARRANGEMENTS

(A) General Description

Arrangements will be developed on a case-by-case basis in response to a bona fide request from a Customer or prospective Customer. The facilities utilized to provide these services are of a type normally used by the Telephone Company in furnishing its other services and shall be comparable with other Telephone Company services, and its engineering and maintenance practices. The requested service or arrangement is subject to the availability of the necessary Telephone Company personnel and capital resources.

(B) Rate Regulations

Rates quoted in response to requests may be different than those specified for such services in this Tariff. The Customer has one-hundred and eighty (180) days after receiving the ICB rates to order the service requested at the quoted rates.

(C) Temporary Promotional Programs

The Company may establish temporary promotional programs wherein it may waive or reduce nonrecurring or recurring charges, to introduce present or potential Customers to a service not previously received by the Customers.
