TARIFF FORMAT

- A. Page Numbering:** Page numbers appear in the upper right corner of the Page. Pages are numbered sequentially. However, occasionally, when a new Page is added between Pages already in effect, a decimal is added. For example, a new Page added between Pages 14 and 15 would be 14.1.
- B. Page Revision Numbers:** Revision numbers also appear in the upper right corner of each Page. These numbers are used to determine the most current Page version on file with the Commission. For example, the 4th revised Page 14 cancels the 3rd Revised Page 14. Because of various suspension periods, deferrals, etc. the Commission follows in its tariff approval process, the most current Page number on file with the Commission is not always the Page in effect. Consult the Check Page for the Page currently in effect.
- C. Paragraph Numbering Sequence:** There are nine levels of paragraph coding. Each level of code is subservient to its next higher level:
- 2.
 - 2.1.
 - 2.1.1
 - 2.1.1.A.
 - 2.1.1.A.1.
 - 2.1.1.A.1.(a).
 - 2.1.1.A.1.(a).I.
 - 2.1.1.A.1.(a).I.(i).
 - 2.1.1.A.1.(a).I.(i).(1).
- D. Check Pages:** When a tariff filing is made with the Commission, an updated Check Page accompanies the tariff filing. The Check Page lists the Pages contained in the tariff with a cross-reference to the current revision number. When new Pages are added, the Check Page is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on this Page if these are the only changes made to it (i.e., the format, etc., remains the same, just revised revision levels on some Pages). The tariff user should refer to the latest Check Page to find if a particular Page is the most current on file with the Commission.

SECTION 1 – APPLICATION OF TARIFF

- 1.1. This tariff contains the description of the services offered, the terms and conditions under which each of the services are provided and all effective rates and charges applicable to the furnishing of telecommunications services of the Company within the State of Oklahoma, and is filed pursuant to OAC 165:55-5-20(c). Only those services, terms and conditions and rates and charges approved by the Oklahoma Corporation Commission and contained in this tariff may be provided to Customers within the State. Filed tariffs are binding on the Company and no deviation of any kind from the filed tariff is permitted. Company's Services are furnished subject to the availability of facilities and subject to the terms and conditions of this Tariff.
- 1.2. The rates and regulations contained in this Tariff apply only to the Services furnished by Company and do not apply, unless otherwise specified, to the lines, facilities, or services provided by a local Exchange telephone company or other common Carrier for use in accessing the Services of Company.
- 1.3. Company may not be deemed to have waived or impaired any right, power, requirement or option reserved by this Tariff (including, but not limited to, the right to demand exact compliance with every term and condition herein), by virtue of any custom or practice of Company at variance with the terms hereof, or any failure, refusal or neglect of Company to exercise any right under this Tariff or to insist upon exact compliance with its terms, or any waiver, forbearance, delay, failure or omission by Company to exercise any right, power or option hereunder.
- 1.4. The rates, rules, terms and conditions contained herein are subject to change pursuant to the rules and regulations of the Commission.
- 1.5. The Customer is entitled to limit the use of Company's Services by End Users at the Customer's facilities, and may use other common Carriers in addition to or in lieu of Company.
- 1.6. Pursuant to OAC 165:55-5-30 and 55-7-4, This tariff is on file with the Oklahoma Corporation Commission and the Company's principal place of business. This Tariff will be maintained and made available for inspection by any Customer at the Commission or the Company's principal place of business at 100 Commercial Drive, Fairfield, OH 45014 during normal business hours, and on the Company's web site, www.powernetglobal.com. Additionally, copies are available upon request, free of charge to end-users, by contacting the Company at 800.860.9495.

SECTION 3 – RULES AND REGULATIONS

3.1. UNDERTAKING OF THE COMPANY

- 3.1.1.** The Company does not undertake to transmit messages but offers the use of its Facilities for the transmission of communications.
- 3.1.2.** Customers and Users may use Services and Facilities provided under the tariffs of the Company to obtain access to services offered by other companies. The Company is responsible for the Services and Facilities provided under its tariffs, and for its unregulated services provided pursuant to contract, and it assumes no responsibility for any service (whether regulated or not) provided by any other entity that purchases access to the Company network in order to originate or terminate such entity's own services, or to communicate with such entity's own customers.
- 3.1.3.** The Company shall have no responsibility with respect to billings, charges or disputes related to services used by the Customer which are not included in the Services herein including, without limitation, any local, regional or long distance Services not offered by the Company. The Customer shall be fully responsible for the payment of any bills for such services and for the resolution of any disputes or discrepancies with the service provider.
- 3.1.4.** The Company will comply with the provisions of 165:55-13-10 regarding minimum service standards.
- 3.1.5.** The Company will match the Wide Area Calling Plans of its underlying providers in compliance with 165:55-13-10.1.
- 3.1.6.** The Company will provide its Customers with and include pages in its tariffs for the Lifeline and Link Up programs in compliance with 165:55-13-14, if serving eligible Customers.
- 3.1.7.** The Company will not impose a preferred carrier freeze on local exchange service. A preferred carrier freeze(s) prevents a change in an end-user's preferred carrier selection toll services unless the end-user gives the carrier from whom the freeze was requested his or her express consent. All local exchange carriers who offer preferred carrier freezes for toll services shall offer freezes on a nondiscriminatory basis to all end-users, regardless of the end-user's carrier selections. SECTION 3 – RULES AND REGULATIONS, Continued

3.2. DESCRIPTION OF SERVICE

Company Service consists of any of the Services offered pursuant to this Tariff, either individually or in combination. Each Service is offered independent of the others, unless otherwise noted. Service is offered via the Company's Facilities or in combination with transmission facilities provided by other certificated Carriers.

3.3. APPLICATION FOR SERVICE

A Customer desiring to obtain Service may be required to complete the appropriate Service Order form and submit the Service Order in compliance with Company subscription requirements as may be established from time to time.

3.4. SHORTAGE OF EQUIPMENT OR FACILITIES

3.4.1. The Company reserves the right to limit or to allocate the use of existing Facilities or of additional Facilities offered by the Company, when necessary because of lack of Facilities, or due to some other cause beyond the Company's control, on a nondiscriminatory basis.

3.4.2. The furnishing of Service under the tariffs of the Company is subject to the availability on a continuing basis of all the necessary Facilities and is limited to the reasonable capacity of the Company's Facilities as well as facilities the Company may obtain from other Carriers to furnish Service from time to time as required at the sole discretion of the Company.

3.5. TERMS AND CONDITIONS

- 3.5.1.** Service shall be provided and billed on the basis of a minimum period of at least one month. The Customer must pay the regular tariffed rate for Service for the minimum period of Service if Service is Discontinued during the initial minimum Service period. If a Customer Discontinues Service after the initial minimum Service period has ended, then the Customer will be billed pro rata for Services rendered.
- 3.5.2.** Customers may be required to enter into written Service Orders which shall contain or reference a specific description of the Service ordered, the rates to be charged, the duration of the Services, and the terms and conditions in the tariffs of the Company. Customer will also be required to execute any other documents as may be reasonably requested by the Company.
- 3.5.3.** At the expiration of the initial term specified in each Service Order, or in any extension thereof, Service shall continue on a month-to-month basis at the then current rates unless Discontinued by either party. Any Discontinuance shall not relieve Customer of the Customer's obligation to pay any charges incurred under the Service Order and the tariffs of the Company prior to termination. The rights and obligations which by their nature extend beyond the Discontinuance of the term of the Service Order shall survive such Discontinuance.
- 3.5.4.** The tariffs of the Company shall be interpreted and governed by the laws of the State of Oklahoma without regard for its choice of laws provision.

- I. Errors in Billing: The liability of Company for errors in billing that result in overpayment by the Customer will be limited to a credit equal to the dollar amount erroneously billed or, in the event that payment has been made and Service has been discontinued, to a refund of the amount erroneously billed.
- J. Provision of Service: the Company will not be liable for any refusals or failures to provide or delays in commencing Service to any Customer pursuant to Section 3.6.2., or for any failure to provide or maintain Service at any particular performance level, unless required by Oklahoma law or Commission rules and regulations.
- K. Entire Liability: The entire liability for any claim, loss, damage or expense from any cause whatsoever shall in no event exceed sums actually paid the Company by Customer for the specific Services giving rise to the claim. No action or proceeding against the Company shall be commenced more than three years after the Service is rendered.

3.7. NOTIFICATION OF SERVICE-AFFECTING ACTIVITIES

To the extent possible, the Company will provide the Customer reasonable notification of Service-affecting activities that may occur in normal operation of its business. Such activities may include, but are not limited to, equipment or Facilities additions, removals or rearrangements and routine preventative maintenance. Generally, such activities are not specific to an individual Customer but affect many Customers' Services. No specific advance notification period is applicable to all Service activities. The Company will work cooperatively with the Customer to determine the reasonable notification requirements. With some emergency or unplanned Service-affecting conditions, such as an outage resulting from cable damage, notification to the Customer may not be possible.

3.15. PAYMENT FOR SERVICE

The Customer is responsible for the payment of all charges for Facilities and Services furnished by the Company to the Customer and to all Users authorized by the Customer, regardless of whether those Services are used by the Customer.

3.16. BILLING AND COLLECTION OF CHARGES

3.16.1. Bills to end-users shall be issued monthly, unless the Company's approved terms and conditions of service prescribe a different interval. Bills may be issued on a billing cycle. All end-users shall receive their bills via the United States mail, unless the end-user agrees with the Company to receive a bill through different means, such as electronically via the Internet. Whatever the method of delivery, bills shall comply with OAC165:55-9-2. OAC 165:55-9-2. Nonrecurring charges are due and payable within 30 days as indicated on the due date on an invoice received by Customer from the Company.

3.16.2. The Company shall present invoices for Recurring Charges monthly to the Customer, in advance of the month in which Service is provided, and Recurring Charges shall be due and payable within 30 days as indicated on the due date of the invoice. The date after which the bill is past due shall be stated on the bill. OAC 165:55-9-3

3.16.3. Charges based on usage will be included on the next invoice rendered following the end of the billing cycle in which the usage occurs, and will be due and payable within 30 days as indicated on the invoice due date.

3.16.4. When Service does not begin on the first day of the month, or end on the last day of the month, the charge for the fraction of the month in which Service was furnished will be calculated on a pro rata basis. For this purpose, every month is considered to have 30 days.

3.16.5. Billing of the Customer by the Company will begin on the Service Commencement Date, which is the first day following the date on which the Company notifies the Customer that the Service or Facility is available for use, except that the Service Commencement Date may be postponed by mutual agreement of the parties, or if the Service or Facility does not conform to standards set forth in the tariffs of the Company or the Service Order. Billing accrues through and includes the day that the Service, circuit, arrangement or component is discontinued.

3.19. DISCONNECTION OR SUSPENSION OF SERVICE BY COMPANY, Continued

3.19.2. Duration of Suspension

The Company may continue Suspension of Service until all charges due have been paid and all violations have ceased. During the period of such Suspension all monthly recurring charges apply. Should the Customer fail to comply with the Company's instructions during the Suspension period, Service will be Discontinued and the Customer must pay the Denied Service Restoral Charge in addition to all applicable monthly Service charges before Service will be restored.

3.19.3. When Service May be Disconnected

The Company may Disconnect the Service without Suspension of Service or following Suspension of Service, and disconnect and remove any of its equipment from the Customer's Premises. If Service is Disconnected after a Suspension, the date of Disconnection is considered to be the date Service was Suspended.

A Customer's Local Exchange Service may only be Disconnected for non-payment of noncompetitive tariffed Services regulated by the Commission. Local Exchange Service may not be Disconnected for non-payment of toll Services, voice mail, Internet, paging, charges not billed on behalf of the Company and federally imposed Customer charges and taxes.

3.19.4. Resumption of Service

If Service has been discontinued for nonpayment or as otherwise provided herein and the Customer wishes it continued, Service shall, at the Company's discretion, be restored when all past due amounts are paid or the event giving rise to the discontinuance (if other than nonpayment) is corrected to the satisfaction of Company in Company's sole and absolute discretion and Customer pays a deposit at Company's discretion. All applicable nonrecurring charges shall apply when Services are restored.

3.21. CHANGES IN SERVICE REQUESTED

If the Customer makes or requests material changes in circuit engineering, equipment specifications, Service parameters, Premises locations, or otherwise materially modifies any provision of the application for Service, the Customer's installation fee shall be adjusted accordingly.

3.22. SUSPENSION OR DISCONTINUANCE OF SERVICE BY CUSTOMER

3.22.1. Customers may Suspend or Discontinue Service by providing written or verbal notice to Company prior to Suspension or Discontinuance. Notice must specify the date on which Service is to be Suspended or Discontinued.

3.22.2. The Customer remains responsible for all Service charges until the day and time on which Service is actually Suspended or Discontinued.

3.22.3. If Customer Discontinues Service before Company completes installation of the Service and at the time of Discontinuance Company has incurred any expense in installing Services or preparing to install Service that it would not otherwise have incurred, a charge equal to the cost Company incurred will apply. In no case will this charge exceed the charge for the minimum period of Services ordered, including Installation Charges and Non-Recurring charges and all amounts others may charge Company that would have been chargeable to the Customer had Service been initiated.

3.22.4. If the Customer Discontinues Service after Company has completed installation, the charge set forth in Subsection 3.22.3 above will apply to the extent Company has not yet recovered the costs described therein. In addition, the minimum Service period obligations. will apply regardless of whether Service has been initiated and the charges in Section 4 will apply.

3.22.5. In the case of a Customer-initiated modification of Service, charges for the subsequent order are in addition to the costs incurred before the Customer changed the original order.

3.22.6. Customers must pay a Line Restoral Charge prior to Restoral of Service Suspended at Customer's request.

SECTION 4 – DESCRIPTION OF SERVICE AND RATES

4.1. BASIC LOCAL EXCHANGE SERVICE

4.1.1. Description of Services

The Company provides switched, telephonic-quality voice Services that enable Users to communicate on a real-time basis between points in the State of Oklahoma, as well as ancillary Services that facilitate the use or expand the capabilities of switched communications Services. Services may be provided by Company through resale of services provided by other telephone companies.

A. **Basic Local Exchange Service** – provides a Customer with a telephonic connection to, and a unique telephone number on, PNG’s switching network which enables the Customer to:

1. receive calls from other Stations on the public switched telephone network;
2. access Company’s Local Calling Services and other Services as set forth in this Tariff;
3. access Interexchange calling Services of Company and of other Carriers;
4. access (at no additional charge) to Company’s operators and business office for Service related assistance;
5. access toll-free telecommunications Services such as 800 NPA; and access toll-free emergency Services by dialing 0 or 9-1-1 (where available);
6. access relay Services for the hearing and/or speech impaired.

Basic Local Exchange Service can also be used to originate calls to other telephone companies’ caller-paid information Services (e.g. NPA 700, 900, NXX 976, etc.). Calls to those numbers and other numbers used for caller-paid information Services will be blocked by Company’s switch at no charge upon Customer request. Company Customers may also be provided with Collect Call Blocking, Person-to-Person and Third Party Billing blocking service upon request. Each Basic Local Exchange Service corresponds to one or more telephonic communications Channels that can be used to place or receive one call at a time.

4.1.3. Directory Listings

General

A. Primary Listing

For each Customer of Company-provided Exchange Access Service(s), Company shall arrange for the listing of the Customer's main billing telephone number in the directory(ies) published by the incumbent Local Exchange Carrier in the area at no additional charge. For Customers with multiple Premises served by Company, Company will arrange for a listing of the main billing telephone number at each premise, at a Customer's option. Primary and additional Directory Listings are provided in the alphabetical section of the telephone directory in accordance with the regulations and rates specified herein. The alphabetical section of the telephone directory consists of a list of names of customers in alphabetical order and is designed solely for the purpose of informing calling parties of the telephone numbers of customers and those entitled to use the customer's service as an aid to the use of telephone service, and special position or arrangement of names is not contemplated. The primary listing for business service is ordinarily the name of the Customer or the name under which a business is regularly conducted. For business services, additional listings are available only in the name of an authorized user of the customer's service. Business additional listings are not permitted in connection with residence service. Business additional listings may be provided in connection with Joint User Service with one additional listing offered at no charge for each joint user on a customer's service

B. Length of Directory White Pages Listing

The Company reserves the right to limit the length of any White Pages Directory Listing by the use of abbreviations when, in its judgment, the clearness of the listing or the identification of the Customer is not impaired thereby. Where more than one (1) line is required to properly list the Customer, additional charges will not apply.

C. Right of Refusal

The Company may refuse a White Pages Directory Listing which is known not to constitute a legally authorized or adopted name, where obscenities or offensive material appear in the listing, or any listing which, in the opinion of the Company, is likely to mislead or deceive calling persons as to the identity of the listed party, or is a contrived name used for advertising purposes or to secure a preferential position in the directory or is more elaborate than is reasonably necessary to identify the listed party. The Company, upon notification to the Customer, will withdraw any White Pages Directory Listing that is found to be in violation of its rules with respect thereto.

D. Sections

Each White Pages Directory Listing must be designated as either “Government”, “Business” or “Residence” so that it can be placed in the appropriate section of the White Pages Directory. In order to aid the User of the White Pages Directory, and to avoid misleading or deceiving the calling party as to the identity of the listed party, only business listings may be placed in the Business section and only residential listings in the Residential section. The Company, upon notification to the Customer, will withdraw any White Pages Directory Listing that is found to be in violation of its rules with respect thereto.

Non-Listed and Non-Published Service

- A. Non-Listed Telephone Number - At the customer's request, non-listed telephone service will be furnished which will provide for the omission or deletion of the customer's telephone number from the telephone directory. The telephone listing will be available through directory assistance and other records that will be given to any calling party. Charges for non-listed telephone numbers are as specified.

- B. Non-Published Telephone Number - At the customer's request, a non-published telephone service will be furnished which will provide for omission or deletion of the customer's telephone number from the telephone directory and from the directory assistance records. The Company will make every effort to prevent disclosure of non-published numbers but will not be liable should such number be divulged inadvertently. When a call is placed to the Emergency 9-1-1 Service and the source of the call or the location of the call is associated with a nonpublished telephone number, the Company will release (to the appropriate local government authority responsible for the Emergency 9-1-1 Service), the name and address of the calling party and/or be name and address associated with the emergency location, where such information can be determined. Charges for non-published telephone numbers are as specified.

4.1.4. Directory Assistance Service

- A. The Company furnishes Local Directory Assistance Service ("DA") for the purpose of aiding customers in obtaining telephone numbers through arrangements with the incumbent Local Exchange Carrier. Customers are allowed two requests per call. For an additional "Connect Request" charge, the Operator will call the requested number on the customer's behalf. When a party requests assistance in obtaining and/or calling to the telephone numbers of customers who are located within the same local calling area as the number the party is calling from, additional charges apply.
- B. In order to make allowance for a reasonable need for local calling area DA service, including numbers not in the directory, directory inaccessibility and other conditions, no charge applies for the first three calls for telephone numbers of customers who are located within the calling area of the calling party per month per station access line. The allowance is cumulative for all group billed services furnished on the same premises or as part of the same system within an exchange.
- C. Charges for DA are not applicable to calls placed from hospital services or calls placed from telephones where the customer or, in the case of residence service, a member of the Customer's household, has been affirmed in writing as unable to use a Company provided directory because of a visual, physical or reading handicap.
- D. Customers receive three directory assistance calls each month without charge.

4.1.6. Operator Verification and Emergency Interrupt Service

General

Upon request, subject to technical limitations, the Company's operator will verify that a conversation exists on a line and will interrupt a communication in progress to announce that someone is trying to call.

Application of Rates

- A. No charge will apply if the requesting Customer identifies that the call is to or from an official public emergency agency. An official public emergency agency is defined as a government agency, which is operated by the Federal, state or local government, and has the capability and legal authority to provide prompt and direct aid to the public in emergency situation. Such agencies include the local police, state police, fire department, etc.
- B. Charges may not be billed on a collect basis or on a third number basis to the number being verified or interrupted.
- C. If the number verified is not in use, or as a result of interrupt the line is cleared, and, at the calling party's request, the operator completes the call, the charges for Operator Assisted Local Calls as set forth in Section 4.3 of this Tariff apply in addition to the applicable verification and emergency interrupt charges.
- D. No charge will apply if, during the line verification, such verification indicates that a trouble condition exists necessitating repair of Company equipment or facilities.
- E. Charges for specialized operator services may be waived by the operator for calls from individuals who have an emergency where life and/or property are in danger.

4.1.7. Custom Calling Features

Generally

Certain Custom Calling Features in this section are included in Network Exchange Bundled Service packages offered by Company. Other Custom Calling Services described below also may be purchased in addition to the Services included in a particular package but these features are available only when purchased in combination with a Company provided Network Exchange Bundled Service.

Feature Descriptions

- A. **Anonymous Call Rejection** is an arrangement that allows a called party to reject calls from parties that have activated the *67 Per Call Blocking feature to prevent the display of the calling telephone numbers to Caller ID - Number Only subscribers, or to prevent the display of the calling telephone numbers and associated main listed names to Caller ID subscribers. When Anonymous Call Rejection is activated, such calls will be routed to an announcement which tells the calling party that the called party will not accept calls from callers who have chosen to prevent the display of their telephone numbers and names. The calling party will be instructed to hang up and place the call again, without activating the *67 Per Call Blocking feature. Customers may activate or deactivate Anonymous Call Rejection by dialing an activation code. This arrangement is included with the Caller ID – Number Only and Caller ID features and is available to non-Caller ID –Number Only/Caller ID Customers.

- B. **Call Blocking** – allows Customers to block calls from different telephone numbers. A screening list is created by the Customer either by adding the last number with the line (incoming or outgoing) or by pre-selecting the telephone number to be blocked. Callers from such number hear an announcement that the calling party is not accepting calls.

- C. **Call Forwarding - Fixed, Busy Line No Answer** – This feature, when activated, redirects attempted terminating calls to another Company-specified line. Call originating ability is not affected by Call Forwarding-Fixed, Busy Line No Answer. The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the Customer with the Call Forwarding – Fixed, Busy Line No Answer is billed for the forwarded leg of the call.
- D. **Call Forwarding -Variable** – a Customer activated feature that automatically transfers all incoming calls from the Customer’s telephone number to another dialable telephone number until the Customer deactivates the feature. The calling party is billed for the call to the called number. If the forwarded leg of the call is chargeable, the Customer with the Call Forwarding – Variable is billed for the forwarded leg of the call.
- E. **Call Waiting with Caller ID with Name** – Call Waiting with Caller ID with Name provides a tone signal to indicate to a Customer already engaged in a telephone call that a second caller is attempting to dial in and allows a Customer to see a caller’s name and number previewed on a display screen allowing a Customer to prioritize and/or screen incoming calls. This feature permits the Customer to place the first call on hold, answer the second call and then alternate between both callers. Call Waiting with Caller ID with Name Service requires the use of specialized Customer provided equipment not provided by Company. It is the Customer’s responsibility to obtain such Customer provided equipment.
- F. **Caller ID Per Line Blocking** – allows a Customer to prevent the transmission and display of their directory number and/or directory name information on outgoing calls. Line Blocking is in operation on a continuous basis and is applicable on all outgoing calls from Customer’s blocked line. Line Blocking does not prevent transmission of the calling party information to emergency Services that utilize automatic number identification for delivery of the calling information.

- G. **Caller ID with Name** – allows a Customer to see a caller’s name and number previewed on a display screen before the call is answered allowing a Customer to prioritize and/or screen incoming calls. Caller ID records that name, number, date and time of each incoming call – including calls that are not answered by the Customer. Caller ID Service requires the use of specialized Customer provided equipment not provided by PNG. It is the Customer’s responsibility to obtain such Customer provided equipment.

- H. **Speed Calling** – allows a Customer to dial selected numbers by means of an abbreviated code. This feature is available in either an 8 number or a 30 number capacity. The Speed Calling list can only accommodate a number consisting of 15 digits or less.

- I. **Three-Way Calling** – Permits the Customer to add a third party to an established connection. When the third party answers, a two-way conversation can be held before adding the original party for a three-way conference. The Customer initiating the conference controls the call and may Disconnect the third party to reestablish the original connection or establish a connection to a different third party. The feature may be used with both outgoing and incoming calls.

J. Per Use Custom Calling Features

- 1. Last Return Call (*69)** – This service allows a customer to return the most recent incoming call and hear an announcement of the last telephone number that called. To activate Return Call (*69), the customer dials a code, then hears an announcement of the telephone number of the last party that called. If the customer wishes to return the call right away, voice prompts will instruct the customer to dial a certain digit and the call will automatically be returned.
- 2. Caller ID Blocking (*67)** – blocks the Customer’s name and number from being transmitted on all outgoing calls from a particular line. Per call blocking is achieved by pressing *67 prior to each call, while per line blocking blocks the name and number of every outgoing call. Dialing a special code prior to dialing the number of the person being called can unblock the number and name. Caller ID Blocking is provided at no charge.
- 3. Repeat Dialing (*66)** – automatically redials the last telephone number the Customer dialed. If the number is busy, this Service will keep dialing the busy number up to 30 minutes and alert the Customer with a special ring when the line is free. The call will automatically be made when the Customer picks up the receiver. Repeat Dialing does not tie up the Customer’s line, allowing the Customer to make and receive calls while it attempts to redial in the background

4.1.8. Emergency Telephone Service (E-911)

- A. Enhanced 9-1-1 service" or " E-911" is a service consisting of telephone network features and Public Safety Answering Points (PSAPs) provided for Customers to reach a PSAP by dialing the digits "9-1-1." Such service automatically directs 9-1-1 emergency telephone calls to the appropriate PSAPs by selective routing based on the geographical location from which the emergency call originated and provides the capability for Automatic Number Identification and Automatic Location Identification features.

- B. All E-911 calls will be placed by the calling party via interconnection with a local exchange carrier or an interexchange carrier other than the Company. The Company cannot guarantee the completion of said E-911 call, the quality of the call or any features that may otherwise be provided with E-911 Service, except to the extent guaranteed in the Company's interconnection or resale agreements with the incumbent local exchange carrier or other facilities provider.

- C. This service is offered as an aid in handling assistance calls in connection with, fire, police and other emergencies and does not create any relationship or obligation direct or indirect, to any person. In the event of any interruption of the service, the Company shall not be liable to any person, corporation or other entity for any loss or damage in an amount greater than an amount equal to the pro rata allowance of the Tariff rate for the service or facilities provided to the Customer for the time such interruption continues, after notice to the Company. No allowance shall be made if the interruption is due to the negligence or willful act of the Customer of the service.

4.1.10. Application of Rates

- A. Company offers basic local exchange service, and bundled services that combine local exchange services and other services that are not regulated under this Tariff.
- B. The following sections set forth the rules and regulations governing the application of rates for Basic Local Service, including the following general rate categories:

- Nonrecurring Charges, including charges for Customer service orders and Customer connection to and installation of Facilities and Services; and
- Monthly Rates for availability and use of Facilities and Services.

1. Connection/Installation Charges

- a. Connection/Installation Charges are nonrecurring charges for establishing Services and apply to 1) installation of a new Service; 2) transfer of an existing Service to a different location; 3) change from one Class Of Service to another at the same or a different location; and 4) installation of an additional line. Connection/Installation Charges are incurred by Customer-initiated request and are in addition to all other scheduled rates and charges, unless specifically exempted in this or other sections of this Tariff.
- b. The charges specified herein reflect Service provided during regularly scheduled work hours, at current installation intervals and without work interruptions by the Customer.
- c. Customer requests for expedited Services that require installations on a date that is less than the normal offered interval may result in an increase in applicable Service Connection/Installation Charges.

2. Service Order Charge

A Service Order Charge will apply to each initial order and to service moves and changes.

C. Determination of Airline Miles - Measured Rate Service Distance Calculation

To determine the rate distance between any two rate centers proceed as follows:

1. Obtain the "V" and "H" coordinates for each rate center-- V&H Coordinates can be obtained either from the Company or Telcordia or other national telecommunication products.
2. Obtain the difference between the "V" coordinates of the two rate centers. Obtain the difference between the "H" coordinates*.
3. Divide each of the differences obtained in (b) by three, rounding each quotient to the nearer integer.
4. Square these two integers and add the two squares. If the sum of the squares is greater than 1777, divide the integers obtained in (3) by three and repeat step (4). Repeat this process until the sum of the squares obtained in (4) is less than 1778.

*Note: The difference is always obtained by subtracting the smaller coordinate from the larger coordinate.

D. Application of Business and Residential Rates

1. Determination of Classification

The determination as to whether telephone Service should be classified as Business or Residential is based on the character of the use to be made of the Service. Service is classified as Business Service where the use is primarily or substantially of a business, professional, institutional, or otherwise occupational nature. Where the business use, if any, is incidental and where the major use is of a personal or domestic nature at the person's dwelling, Service is classified as Residential Service.

2. Business Rate Classification

Business rates apply at the following locations, among others:

- a. In offices, stores and factories, and in quarters occupied by clubs, lodges, fraternal societies, schools, colleges, libraries, hospitals, and other business establishments.
- b. In Residence Locations where the place of residence is in the immediate proximity to a place of business and it is evident that the telephone in the residence is or will be used for business purposes, and in Residence Locations where an extension is located at a place where business rates would apply.

4.2. INTRALATA AND INTERLATA PRESUBSCRIPTION

4.2.1. General

Carrier Presubscription is a procedure whereby a Customer designates to the Company the carrier that the Customer wishes to be the carrier of choice for intraLATA and interLATA toll calls. Such calls are automatically directed to the designated carrier, without the need to use carrier access codes or additional dialing to direct the call to the designated carrier. Presubscription does not prevent a Customer who has presubscribed to an IntraLATA or InterLATA toll carrier from using carrier access codes or additional dialing to direct calls to an alternative long distance carrier on a per call basis.

4.2.2. Presubscription Charges

After a Customer's initial selection for a presubscribed toll carrier, for any change thereafter, a Presubscription Change Charge, as set forth below will apply. Customers who request a change in intraLATA and interLATA carriers with the same order will be assessed a single charge per line.

- A. Company offers Business Customers an Integrated Service Digital Network (ISDN) Primary Rate Interface (PRI)/T-1 service for high-speed dedicated voice and data transmission. Company's ISDN PRI Service employs a 1.544 Megabits per second (Mbps) facility typically divided into twenty-three B Channels and one D Channel. The B Channels are used for Circuit-switched voice and data communications connecting to the public switched telephone network (PSTN) while the D Channel provides out-of-band signaling. The T-1 service employs a variety of added features.
- B. ISDN PRI/T-1 provides the Customer with a single, voice-grade, DTMF communications Channel.
- C. ISDN PRI/T-1 and its associated features are only provided where facilities, equipment and technical capabilities exist and does not create an obligation for the Company to construct such facilities and equipment especially for the provision of this Service.
- D. Customer is responsible for providing Customer Premises Equipment that is compatible with ISDN-PRI/T-1 Service.
- E. The Company shall not be responsible if changes in any of the equipment, operations or procedures of the Company utilized in the provisioning of ISDN-PRI/T-1 Service render any facilities provided by the customer obsolete or require modification or alteration of such equipment or system or otherwise affect its use or performance.

4.3.3. Optional Features

Backup D Channel – In arrangements of two or more Primary Rate Interfaces or Ports, it provides enhanced continuity of Service by allowing a D Channel on one Primary Rate Interface or Port to automatically take over for a failed D Channel on another Primary Rate Interface or Port. A single Backup D Channel may support a maximum of five interfaces or ports.

Calling Number and Name Delivery – Provides the Customer who is receiving a call with the telephone number and the name of the calling party.

Serial Hunt – Calls will start with the number of the trunk dialed and hunt sequentially to the end of the trunk or hunt group.

Circular Hunt – A switch feature that dynamically points each new call attempt to the next idle B Channel following the last Channel either to have accepted a call or the last Channel to have attempted to place a call.

DLH (Distributed Line Hunting) – Calls are distributed evenly among a trunk group or hunt group by number of calls.

MIDL/LIDL (Most Idle/Least Idle) – Incoming calls will be sent to the trunk that has been idle the longest (MIDL) or the shortest (LIDL) amount of time.

Direct Inward Dialing (DID) Numbers – Provides telephone numbers for direct inward dialing. Numbers are available in blocks of ten or one hundred, or as a single number. The assignment and sequence of the numbers may be requested by the Customer in cases where the Company has the number or series of numbers available for use.

Dynamic Channel Allocation – Allows a Customer to designate the quantity of B Channels for call types to be allocated within previously provisioned criteria for either DID or Direct Outward Dialing (DOD) capability. [Not currently available; under development.]

4.3.3. Optional Features, Continued

Enhanced Alternate Route – Allows incoming voice calls to overflow on an emergency and busy basis to a line or Trunk side connection designated by the Customer. A route may be limited in the number of simultaneous calls that can be routed.

Enhanced 911 – The number of the caller is transmitted to the PSAP where it is cross-referenced with an address database to determine the caller's location.

Inform 911 – Allows the calling party number of the station to be sent to the E911 database rather than the billed telephone number. It is the Customer's responsibility to provide station number updates to the 911 database.

Local Number Portability – Allows businesses to switch local service providers and retain their local telephone numbers.

Inbound Only – Provides for an inbound calling option on the Primary Rate Interface or Primary Rate Port. No outgoing capability exists when this feature is selected. A minimum of one D Channel is required.

Inbound Interface – Provides a PRI termination and a Digital multichannel transmission path between the Central Office and the Customer's Premises and is configured with one D Channel or a Backup D Channel and 23 B Channels or 24 B Channels.

Universal Calling – Allows the end-user to make and receive local, intraLATA (local toll) and long distance calls. PNG Local Service provides Universal Calling with the following call coverage:

- Local Call Coverage: enable callers to place phone calls to any telephone in a pre-defined local calling area.
- Extended Area Service (EAS): enables callers to place calls to a pre-defined area outside of what is normally considered the local calling area at no extra charge.
- IntraLATA (Local Toll): carried by the long distance network.
- InterLATA: also carried by the long distance network.

Service Access Codes (SAC) – SACs are non-geographic area codes (often referred to as NPAs) assigned for special network uses. These codes include 500,700, and 8XX.

4.4. OKLAHOMA UNIVERSAL SERVICE FUND RECOVERY

- 4.4.1.** Contributions to the OUSF are assessed as a uniform percentage of the telecommunications carrier's total retail-billed intrastate telecommunications revenue for a 12-month period identified by the OUSF Administrator. This percentage is established annually pursuant to an Order issued by the Oklahoma Corporation Commission.
- 4.4.2.** Pursuant to 17 O.S. § 139.106 and OAC 165:59-3-46, a telecommunications carrier may, at its option, recover the amount of its contributions to the Oklahoma Universal Service Fund (OUSF) from its retail customers. Such recovery shall be made in a fair, equitable and nondiscriminatory manner.
- 4.4.3.** Recovery shall be assessed by either a flat recovery fee or a percentage recovery charge, as described below.
- 4.4.4.** Recovery shall be assessed on the same retail revenues as those used for contribution purposes.
- 4.4.5.** Recovery of the OUSF contribution from retail customers shall be made by a uniform monthly flat fee or percentage, which shall be applied to each retail customer in addition to any other applicable rates and charges as provided for in this Tariff. The OUSF Recovery charge is intended to recover the total dollar amount paid into the OUSF, and shall be adjusted to compensate for any over-recovery or under-recovery from retail customers, pursuant to OAC 165:59-3-46.
- 4.4.6.** The results of such calculation(s) shall be rounded to the penny for the purpose of applying this amount to retail customer's bills.
- 4.4.7.** The resulting OUSF recovery amounts are not revenues of the Company, and therefore, are not subject to state or local taxes, franchise fees, or any other assessments or fees. The Company shall not include the OUSF Recovery Charge in the calculation of such taxes, fees, or assessment in the customer's bill.

- 4.4.8.** If recovery is made pursuant to this tariff from the retail customers, the amount resulting from the OUSF Recovery Charge will be stated separately in the customer's monthly bill.
- 4.4.9.** Records shall be kept by the Company which reflect the OUSF contributions paid by the Company for each period along with all amounts recovered by the Company through the Recovery of OUSF Contributions Tariff. This information shall be provided to the Commission along with any changes to the OUSF Recovery Charge. Changes in the OUSF Recovery Charge
- 4.4.10.** Changes to the OUSF Recovery Charge shall be made by notifying in writing the Director of the Public Utility Division. A replacement tariff page reflecting the revised OUSF Recovery Charge shall be included with the notification letter.
- 4.4.11.** Notification of changes to the OUSF Recovery Charge shall be made at least 30 days before effective date of change.
- 4.4.12.** The revised OUSF Recovery Charge shall not be billed to any retail customer until such notification is received by the Director of the Public Utility Division.
- 4.4.13.** If an OUSF Monthly Recovery Charge is used to recover the OUSF contributions of the company from its retail customers, the page which reflects the amount of the recovery charge shall also include the computation or formula used to determine the Monthly Recovery Charge. Additionally, at the time the OUSF Monthly Recovery Charge is changed and notification is given to the Director of the Public Utility Division, backup information and documentation is to be made available.
- 4.4.14.** Revisions for over-recovery and/or under recovery shall be made no more than once every twelve (12) months, or one time each quarter pursuant to any change in the OUSF contribution factor.

4.5 TELECOMMUNICATIONS RELAY SERVICE (TRS)

4.5.1. General

TRS are telephone transmission services that provide the ability for an individual who has a hearing or speech disability to engage in communication by wire or radio with a hearing individual in a manner that is functionally equivalent to the ability of an individual who does not have a hearing or speech disability to communicate using voice communications services by wire or radio. TRS includes services that enable communications between the user of a Text Telephone (TT) or other non voice terminal device and an individual who does not use such a device. TRS facilities are equipped with specialized equipment and staffed by communications assistants (CAN) who relay conversation between people who use text telephones and people who use traditional telephones. Unless otherwise required by law, CAN shall not disclose the content of any relayed conversation.

TRS shall be accessible by dialing a toll-free number that shall be published within the Telephone Company's white page directories.

The completed call shall be rated as a call from the originating telephone number to the terminating telephone number without regard to the actual routing of the call through the TRS operator center.

4.5.2. Application of Fee

Company will assess an amount on each access line equal to the proportionate amount of the total intrastate cost to provide TRS in accordance with the Federal law and FCC rules. The total intrastate cost to provide TRS will be established by contract and under the oversight of the Oklahoma Corporation Commission. The total intrastate cost to provide TRS will be adjusted on an annual basis to account for any over-or under-recovery of costs incurred in the prior year for provision of TRS.

The amount per access line will be uniform for all local exchange companies (LEC) and shall be derived using the following formula:

$$\frac{\text{Total TRS Contract Cost +/- over- or under-recovery}}{\text{Total LEC Access Lines}} \text{)}12$$

4.5 TELECOMMUNICATIONS RELAY SERVICE (TRS)

4.5.2. Application of Fee, Continued

The results of such calculation shall be rounded to the penny for the purpose of applying this charge to customers' bills. The current year's monthly fees are specified in the fee list of Southwestern Bell Telephone Company's Telecommunication Relay Service. The telephone company concurs with the fee contained in Southwestern Bell Telephone Company's Telecommunications Relay Service Fee list, which may be modified from time to time.

4.6. REGULATORY ASSESSMENT FEES

4.6.1. Definitions

For purposes of this section, the following definitions apply:

"Annual Assessment Fee" is the annual amount of Commission funding allocated to and collected through the telephone company pursuant to the annual appropriation legislation enacted by the Oklahoma Legislature related to funding for the Oklahoma Corporation Commission (17 O.S. §180.11)

"Monthly Customer Assessment Fee" is the monthly amount charged to customers for purposes of recovering the Annual Assessment Fee allocated to the telephone company.

4.6.2. Applicability

This provision applies to each access line or equivalent and will be included as a part of the customer's bill total monthly charges. Upon notice to the telephone company each year by the Oklahoma Corporation Commission of the amount of the annual assessment fee, the telephone company shall determine the appropriate Monthly Customer Assessment Fee. The Monthly Customer Assessment Fee shall be determined as follows:

4.6. REGULATORY ASSESSMENT FEES

4.6.2. Applicability, Continued

Computation: $RA = (A+0/UAR) / (AMA \times Y)$, where

RA = Rider amount

A = Annual assessment amount as billed by the Commission pursuant to OAC 165:5-3

0/UAR= Over/Under Recovery Amount determined by subtracting the total amount of the assessment collected pursuant to the above formula for the previous July 1 through June 30 period from the total Commission assessment for that fiscal year period.

AMA = Estimated Average Monthly Access Lines

Y = Number of months in assessment time period -Y=12 .

The results of such calculation shall be rounded to the penny for the purpose of applying this charge to customer' bills.

The Annual Assessment Fee Account shall be a balance sheet account in which shall be recorded the annual Assessment Fee allocated to the telephone Company during any given Oklahoma State Fiscal Year.

As revenues are collected from the customers, the Annual Assessment Fee Account shall be credited.

Any over or under recovered balance remaining in the Annual Assessment Fee account as of the end of the Oklahoma State Fiscal Year shall be carried forward for recovery in the ensuing State Fiscal Year.
